EXCELLENCE THROUGH ETHICS

INTERNATIONAL BUSINESS COLLEGE

**" Give a man a fish,
you feed him for a day.
Teach a man how to fish,
you feed him for a lifetime"**

IBC

Based on the above philosophy, International Business College unlike other Business Schools is not aimed at giving a temporary solution to the present scenario of the society by making you employable and providing placement. Instead, we offer through our education values of permanent nature that will last long. The BBM, BCA, & BLIS graduation programs are focused to provide training on the trends in the industry which one will need to be successful in life. Our career training in business management, the most rapidly growing demands in the market will help a candidate to reach out the great opportunities which are widespread in the world arena.

The programs at the institute equip students with a repertoire of analytical, decision making, technical, inter personal and technological skills to prepare them for a challenging environment. The objective is to train young professionals to be responsible and responsive to the demands of the society in a dynamic milieu.

IBC offers innovative, full time, under graduate degree programs, providing students with team based experience focused on holistic learning. All our programs are recognised by Patliputra University and Government of Bihar. They are affiliated to recognised Universities which make the degree equivalent to any other university degree provided across the world. During the program that includes a summer internship, graduates will develop the much sought after professional skills required by our rapidly growing economy.

Target for Success

EXPLORE

International Business College is one of Bihar's best B College, based on an education policy of overall growth of the students.

Experience all this with Life at IBC

We welcome you to be a part of the vast pool of talent, opportunity & success.

MESSAGE FROM THE DIRECTOR

"Develop a passion for learning. If you do, you will never cease to grow"

Anthony J. D'Angelo

Dear Students & Parents,

The spirit of the above statement dwells. This instills in us that knowledge is power. The emphasis is that, one has to continuously learn and apply that knowledge for growth.

It gives me tremendous pride in welcoming you to IBC where I am sure you will realistically acquire knowledge skills in order to fulfill your dreams.

At IBC, we have constant interaction with industries and various professional bodies in the field of management as a process of knowledge exchange apart from its own qualified resources, exposed to both industry and academia. Our courses are updated regularly as per the demand/requirement of the industries. Students undertake projects and training in the industries to get hands on experience, where in they utilize these platforms in application of learned theoretical knowledge too.

Various opportunities to do activities that help students make the best use of their time for practicing their hobbies and embellishment of their talents in polished further by high quality seminars, guest lectures, workshops, industry visits, participation in competitions, organizing events and volunteering for socially responsible activities apart from other cultural and sports club event which are regular at IBC giving every student who takes initiative exposure towards being a seasoned corporate Indian citizen.

Here at IBC, the emphasis is not only on development of academic knowledge but also focuses on business etiquettes, effective communication skills, interpersonal skills, presentation skills along with many other life skills in developing personality in our conducive campus for learning and also through outbound training.

IBC will firm up lot more tie-ups with institutions, associations and universities of high repute and launch various industry specific programs.

email : pccm.mu@gmail.com

WHY IBC

International Business College, Patna is a wing of Bradford group of companies which has been providing Education in Information Technology and Management streams since 1989 comprising various Degree and Diploma courses. In 2009, the college gets affiliated to Magadh University, Bodh Gaya and currently affiliated with Patliputra University.

Currently, the college is imparting undergraduate courses to students in three stream (BBM, BCA & B.Lis). Adequate infrastructure including well furnished lab, library and spacious classrooms. The college offers all-round development environment for its students. The site provide general information about the college and the courses offered by it.

It has experience of 26 years in the field of computer. It is imparting BCA classes in College of Commerce, Patna since 2003, B.D. College Patna since 2005 and D.N. College, Masuarhi, Patna Since 2008 with college collaboration.

Why vocational courses is important for Professional Market?

Vocational means "job related", so a student enrolled in a "vocational courses" means that they are learning skills that will help them to get a job in a organised sector. Vocational education can take place at the post secondary further education and higher education level. It is something that provides people with skills and the underpinning knowledge people need to understand how to use these skills.

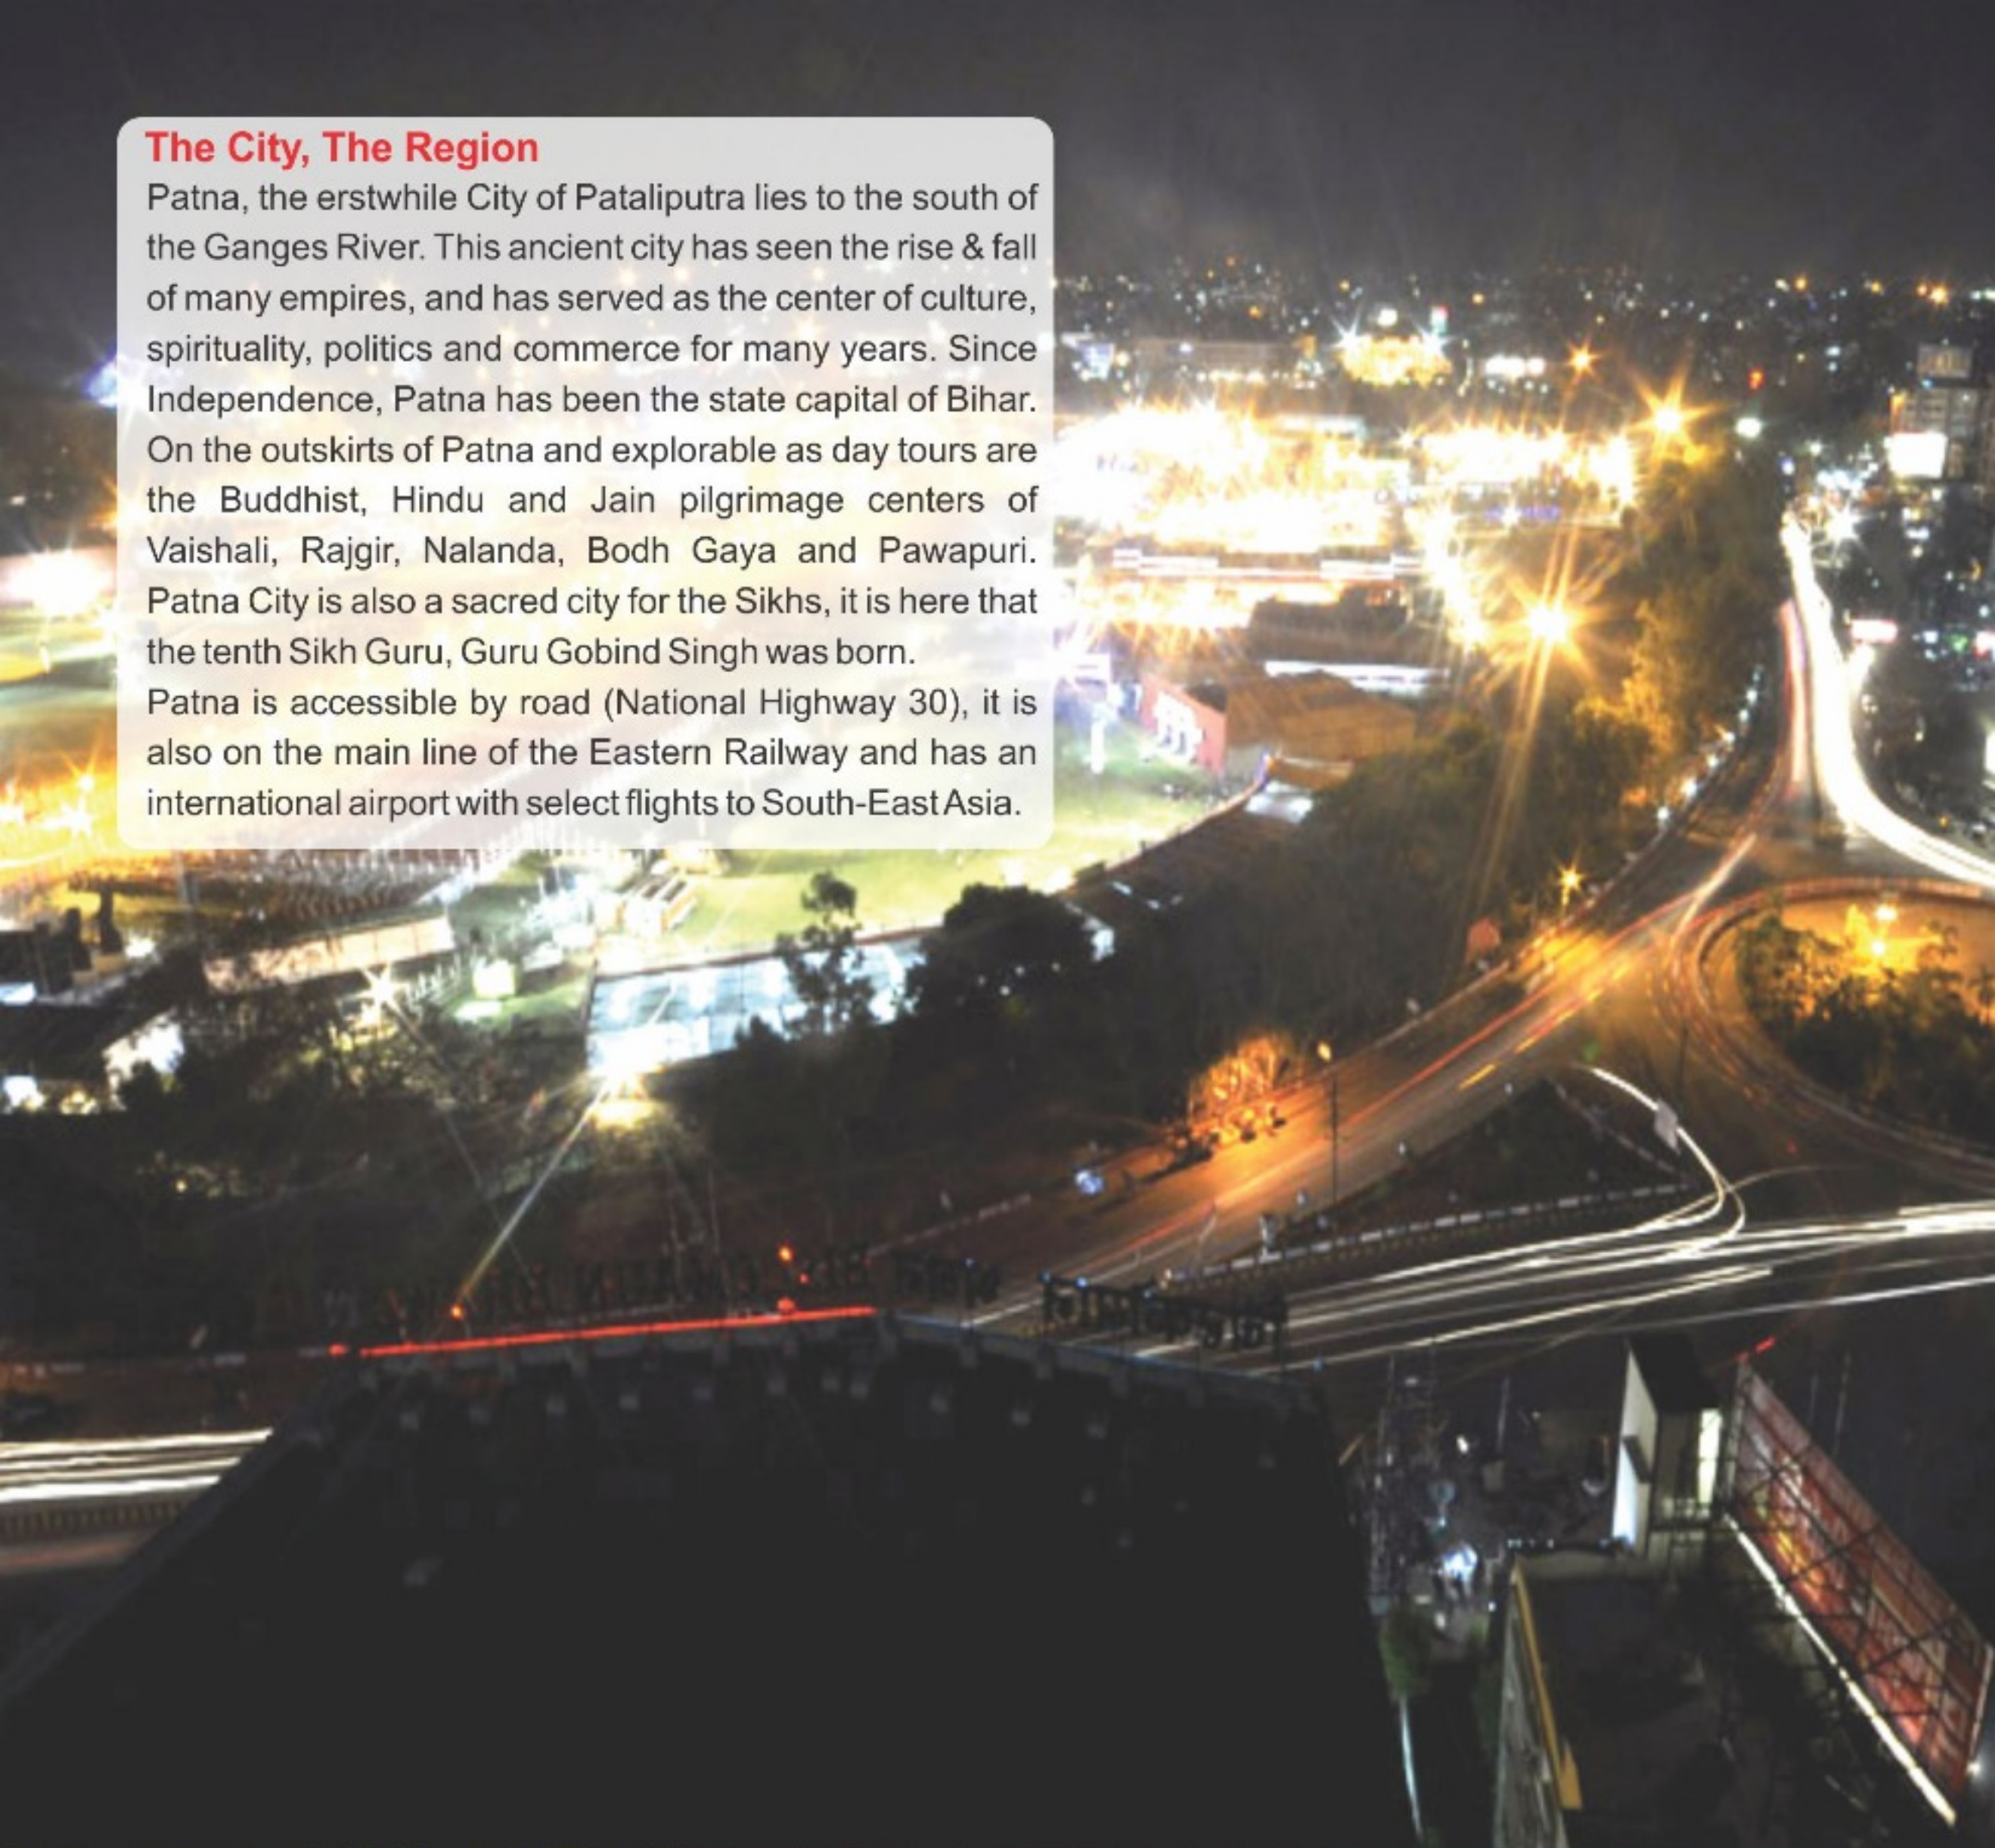

Vocational course are customized and tailor made and directly proportionate to the need and requirement of the industry, thus making students completely ready of industry specific jobs and career.

The City, The Region

Patna, the erstwhile City of Pataliputra lies to the south of the Ganges River. This ancient city has seen the rise & fall of many empires, and has served as the center of culture, spirituality, politics and commerce for many years. Since Independence, Patna has been the state capital of Bihar. On the outskirts of Patna and explorable as day tours are the Buddhist, Hindu and Jain pilgrimage centers of Vaishali, Rajgir, Nalanda, Bodh Gaya and Pawapuri. Patna City is also a sacred city for the Sikhs, it is here that the tenth Sikh Guru, Guru Gobind Singh was born.

Patna is accessible by road (National Highway 30), it is also on the main line of the Eastern Railway and has an international airport with select flights to South-East Asia.

UPCOMING PROJECT
